## Product Information

### Professional CD Duplicator CD-D1x4

The CD-D1x4 is a full-featured CD duplicator which provides a quick and simple way of replicating multiple CD copies of original audio material or data at up to 16x duplication speeds.

The CD-D1x is housed in a 4U 19-inch rack-mountable enclosure and features an industrial grade TEAC CD-ROM drive (master) coupled with four TEAC CD-RW drives (slaves). Key features of the CD-D1x4 include multiple write speeds, disc analyze and disc verification.

Two CD-D1x4 duplicators can be linked together via the unit's rear panel cascade port allowing for up to a total of eight CDs to be copied in a single pass.

For additional information on the CD-D1x4 and other Tascam products, please visit Tascam's web site at [www.tascam.com](http://www.tascam.com) and [www.tascam-europe.com](http://www.tascam-europe.com).
